2055-82: Water (Cancer, Scorpio, Pisces)

- The planets in each phase are the ones you express during that phase.
- No planets usually indicates an extremely difficult phase.
- The difficulty is lessened if there are planets in the preceding and/or succeeding phases.
- Having three or more planets in a phase is a sign of great success. Greater the number, greater the success.
- Having only one planet during a phase makes you explore the planet's strengths and weaknesses to the fullest.
- Halfway through a phase you will start building on the planets for the next phase but their qualities will be hidden till you reach that phase.
- A phase having many planets followed by a phase with almost no planets usually indicates calamitous transition.
- Consecutive phases with one or no planets at all indicate that life will progressively become very difficult.

Planets and Points in The Signs

Sun in Virgo 13° ♍ 33' 22"

1979-1989 (Gemini Phase)

All hell has broken loose. People seem to have turned their backs on you. Apparently, for no reason! You feel lost and inconsolable. Everything you trusted has fallen apart. You have to put in a great deal of effort to keep going. People aren't supporting you anymore. You need to step into the shadows and work from there for a while.

1990-2002 (Cancer Phase)

With a little bit of effort you seem to be going a long way. Your way of doing things is working out great for you. You get the support that no one else seems to be getting. As long as you keep up the effort things are going to work out just fine.

2017-2032 (Virgo Phase)

Your career gets a serious boost. You become successful and relevant. You get the right jobs and responsibilities for growth and success. You are counted on to do the job. You go all in to establish your career. Your appearance, relationships and home life may take a back seat as you focus on your career.

2033-2054 (Libra Phase)

With a little bit of effort you seem to be going a long way. Your way of doing things is working out great for you. You get the support that no one else seems to be getting. As long as you keep up the effort things are going to work out just fine.

Ascendant in Virgo 13° ♍ 21' 40"

1979-1989 (Gemini Phase)

You feel like you're invisible. You can't be seen or heard no matter what you do. You have been pushed to the fringes of society. You live an extremely low-key life. You face chronic health issues. You're prone to illnesses and your vitality is very low. You work quietly behind the scenes. You are full of secrets. Your life and identity are mysteries to everyone, even the people closest to you.

2017-2032 (Virgo Phase)

You are easily seen and heard. Your face and/or voice is everywhere. Your appearance is the subject of much gossip and discussion. Image is everything to you now. You have a powerful and wide-reaching presence. You have created a brand out of yourself. Your home life, relationships and career may take a back seat as you focus on yourself.

Moon in Virgo 12° ♍ 52' 33"

1979-1989 (Gemini Phase)

A huge setback to your popularity. People can't see or hear you anymore. You retreat to the shadows. You may try to steal the limelight, but that usually fails or comes with consequences you can't handle on your own. Your support system and people you trusted seem to have vanished. You feel like you're fading away. A huge strain on your health and personal life.

1990-2002 (Cancer Phase)

People understand how you feel. They respect your thoughts and ideas, and most importantly, your feelings. You have loving and supportive relationships. You go far personally and hence professionally. You are one of the stars. You are able to make your dream and vision happen.

2017-2032 (Virgo Phase)

You have it made as far as home and relationships are concerned. You appear larger than life in the eyes of others. Many people turn to you for advice, help and support. Fame comes almost too easily, often without doing anything remarkable. People are drawn to who you are.

Mercury in Virgo 6° ♍ 30' 03" R_x

1979-1989 (Gemini Phase)

You feel like you're not being heard. Your thoughts and ideas are misheard or misinterpreted. You feel like you've lost your voice. Rumors and gossip spread about you like wildfire. Sometimes you do get heard but not unless you put a great deal of effort into it. You feel like you've been left out of the loop. You feel like you don't know what's going on.

2017-2032 (Virgo Phase)

Your thoughts and ideas travel far and wide. People are mesmerized by your speech. You are always in the gossip and news. You may have a global reach and audience. You spend most of your time spreading your thoughts and legacy. People are always thinking about you.

Venus in Cancer 27°  53' 32"

1990-2002 (Cancer Phase)

There's an outpouring of love and affection for you. People love the essence of you. People love who you really are. People love what only you can offer. People love what you represent. You find real love. You feel you're being truly loved. You feel fully accepted. It's a great time to be alive.

2033-2054 (Libra Phase)

You're heavily disliked for some reason. Your popularity has waned. Something you said or did did not please people. You may think you're ugly and unattractive. You may lose the things and people you love. You face money problems. You lose your popularity. You're replaced by someone more attractive or popular. You find that many people hate you for no reason.

Mars in Cancer 24°  19' 47"

1990-2002 (Cancer Phase)

You put a lot of energy and effort into your job, which is going great and reaping the rewards you'd hoped and more. Your efforts are recognized and rarely go unnoticed. Your life is rarely slow or boring, if ever. A fast-paced lifestyle suits you right now. Nothing is too much to handle. You are full of energy and enthusiasm. It's impossible to stop you!

2033-2054 (Libra Phase)

You may experience a marked slowdown in your productivity and work. Work may be hard to come by. You could face unemployment. Your work could become boring and mundane. It's time to relax and recharge. You're overshadowed by others,

whether they deserve it or not. Your career has slowed down or may have come to a standstill. Your work could be hazardous to your health. You feel you're not getting a break. You feel lethargic and lazy. You feel your life isn't going in the right direction.

Jupiter in Taurus 26° ♃ 00' 16"

2003-2016 (Leo Phase)

Lady Luck has forsaken you. Everything you want is out of reach and no amount of reaching will help you get it. Financial troubles abound. You find yourself being stifled in many areas of your life. You find it difficult to stay in the spotlight. You're not able to reach your highest potential. You feel blocked and restricted in some way. You feel there's nothing to aspire for, nothing to aim for, nothing to be optimistic about. You feel the joy of life has been drained out of you.

2017-2032 (Virgo Phase)

Your life is the envy of others. You have prosperity in every facet of your life. Carefree and optimistic, you take on big projects and new ventures. You're always learning and exploring, making fantastic discoveries and finding fabulous treasures.

Saturn in Pisces 0° ♆ 44' 46" R_x

1979-1989 (Gemini Phase)

A lack of boundaries. Letting the wrong people in. Unable to define yourself. Unable to discern your limits. A lack of support. Collapsing from the inside. Feeling frail and fragile. Unable to stand up for yourself or make a definite impression. Unable to handle the pressure. Unable to hold on to your reputation. Unable to stick by your ethics and principles. Watching your legacy fade away. Not being taken seriously. Considered irrelevant, a has-been.

1990-2002 (Cancer Phase)

You're able to work hard and get ahead in life. You are recognized and respected. Your career gets a serious boost. You remove the nonessential people and things in your life. You find yourself in positions of authority and receive a lot of respect from your peers.

2017-2032 (Virgo Phase)

Your life may have become too restrictive. You have tremendous fortitude and steadfastness. You may find yourself in trouble with the authorities constantly. You feel a lack of fun and excitement in life.

Uranus in Virgo 10° ♀ 38' 45"

1979-1989 (Gemini Phase)

People don't appreciate your uniqueness and talent. You feel forgotten. You're treated like the average Joe. People have no clue who you are anymore and they think they know you. But they don't. You've been reduced to a one-dimensional object. People are unable to see all the different sides of you, just one or two sides, and this is often deeply frustrating. You feel choked and unable to breathe. You feel like a fallen God/Goddess.

2017-2032 (Virgo Phase)

You are completely accepted, flaws and all. You being you is ok with everyone. People are able to see every part of you and they're ok with all of it. All your quirky ways are celebrated, you may even have a cult following. It seems as though you can go as far as you like and do the most inappropriate things but no one is going to be offended.

Neptune in Scorpio 15° ♆ 30' 09"

1990-2002 (Cancer Phase)

You get deep, magical insights on a daily basis. You feel like you're living in a dream. You experience deep insights, a sense of magic and wonder, and a true connection to the universe. Make the best of it.

2003-2016 (Leo Phase)

There's a lack of magic in your life. Everything is too cut and dry. You've lost the sense of amazement and wonder. You're unable to inspire and motivate people to become better. Ideals seem to have lost their power. You're unable to stick by your own sense of morals and ethics. You feel like you've lost your soul. You may follow and espouse major religions, fake spirituality, new-age movements, etc.

Pluto in Virgo 13° ♄ 58' 13"

1979-1989 (Gemini Phase)

A sense of powerlessness. A complete loss of identity. You don't know who you are anymore. Someone has taken your very soul. You feel like a puppet in the hands of very powerful people. You have no say in what happens in your life or where it's going. You are deeply lost and confused. You do and say what powerful people ask you to. You have no other option. A complete suppression of your self and identity to the point of invisibility.

2017-2032 (Virgo Phase)

A tremendous sense of power over the lives of masses of people. A vast and wide-reaching sphere of influence, whether deserved or not, approaching cult status. Reputation and image that are unshakable and beyond questioning by anyone. Multitudes of loyal followers who look up to you for advice and inspiration. Much success with very little to no effort.

Midheaven in Gemini 11° ♊ 46' 00"

1979-1989 (Gemini Phase)

Your career gets a serious boost. You become successful and relevant. You get the right jobs and responsibilities for growth and success. You are counted on to do the job. You go all in to establish your career. Your appearance, relationships and home life may take a back seat as you focus on your career.

2017-2032 (Virgo Phase)

You find it extremely difficult to advance in your career. You may struggle to hold on to your job. Your reputation may become heavily tarnished from scandal or gossip. People seem to have lost faith and trust in you. You may be fired for misconduct or even for no fault of your own. You may leave your usual life and retreat to nature.

2033-2054 (Libra Phase)

Your career gets a serious boost. You become successful and relevant. You get the right jobs and responsibilities for growth and

success. You are counted on to do the job. You go all in to establish your career. Your appearance, relationships and home life may take a back seat as you focus on your career.
